Subject Index Volume 14

Action potential abnormality, acute myocardial infarction, aortic constriction, coronary artery ligation, arrhythmias, 14 (1987) 155
Acute left ventricular failure, alcohol, hemiplegia, 14 (1987) 370
Acute myocardial infarction, aortic constriction, coronary artery ligation, action potential abnormality, arrhythmias, 14 (1987) 155
Adolescent, obesity, very low calorie diet, arrhythmia, Holter monitoring, 14 (1987) 55
Adrenergic nerve, serotonergic receptor, vascular smooth muscle, endothelium, hemostasis, platelet, Raynaud's disease, peripheral vascular disease, 14 (1987) 189
Alcohol, acute left ventricular failure, hemiplegia, 14 (1987) 370
Angina pectoris, nitroglycerin ointment, nitroglycerin patch, tolerance, exercise testing, transcutaneous nitrate, 14 (1987) 9
Angiocardiographic data, orificial diameter of pulmonary trunk, orificial diameter of aorta, normal children, 14 (1987) 319
Angioplasty, clinical cardiologist, cardiology training, cardiac catheterization, electrophysiologic study, 14 (1987) 127
Annular submitral aneurysm, cross-sectional echocardiography, contrast echocardiography, 14 (1987) 327
Aortic constriction, acute myocardial infarction, coronary artery ligation, action potential abnormality, arrhythmias, 14 (1987) 155
Aortic incompetence, electrocardiogram, aortic stenosis, 14 (1987) 137
Aortic root abscess, endocarditis, coronary artery disease, 14 (1987) 99
Aortic stenosis, electrocardiogram, aortic incompetence, 14 (1987) 137
Arrhythmia, obesity, very low calorie diet, Holter monitoring, adolescent, 14 (1987) 55
Arrhythmia, electrocardiography, 14 (1987) 110
Arrhythmias, acute myocardial infarction, aortic constriction, coronary artery ligation, action potential abnormality, 14 (1987) 155
Artificial subcutaneous nodule in rheumatic fever, immunoglobulin in rheumatic fever, myocardial reactive antibody in rheumatic fever, 14 (1987) 71
Atherosclerosis, serotonin, vasospasm, 14 (1987) 205
Atrial flutter, electrical alternation, 14 (1987) 379
Atrial pacing, coronary artery disease, echocardiography, wall motion abnormalities, coronary score, 14 (1987) 33
Atrial thrombus, mitral atresia, closed oval formamen, levoatriocardinal vein, 14 (1987) 221
Atrioventricular discordance, corrected transposition, mirror-image atrial arrangement, 14 (1987) 169
Atrioventricular block, torsade de pointes, 14 (1987) 235

Bacterial endocarditis, *Staphylococcus aureus,* infant, 14 (1987) 355
Bjork–Shiley prosthetic valve, thrombus, fibrinolytic treatment, 14 (1987) 358
α-Blockade, polymorphous ventricular tachycardia, pro-arrhythmic, 14 (1987) 225
Blood cell, serotonin, hemorrheology, microcirculation, 14 (1987) 213
Blood platelet, 5-hydroxytryptamine, 5HT-system, cardiovascular pathology, platelet 5HT-system, blood platelet as model, 14 (1987) 177
Blood platelet as model, 5-hydroxytryptamine, blood platelet, 5HT-system, cardiovascular pathology, platelet 5HT-system, 14 (1987) 177

Canine model of angina pectoris, UL-FS 49, selective bradycardic agent, regional myocardial function, treadmill exercise, 14 (1987) 343
Cardiac amyloidosis, myocardial scintigraphy, radionuclide tomography, 14 (1987) 365
Cardiac catheterization, clinical cardiologist, cardiology training, angioplasty, electrophysiologic study, 14 (1987) 127
Cardiac involvement, relapsing polychondritis, valvar insufficiency, 14 (1987) 381
Cardiogenic shock, papillary muscle rupture, 14 (1987) 376
Cardiology training, clinical cardiologist, cardiac catheterization, angioplasty, electrophysiologic study, 14 (1987) 127
Cardiovascular pathology, 5-hydroxytryptamine,

0167-5273/87/$03.50 © 1987 Elsevier Science Publishers B.V. (Biomedical Division)

blood platelet, 5HT-system, platelet 5HT-system, blood platelet as model, 14 (1987) 177
Chyle, chylopericardium 14 (1987) 106
Chylopericardium, chyle, 14 (1987) 106
Cimetidine, drug interaction, lidocaine, 14 (1987) 91
Classification, nomenclature, heart disease, international co-operation, 14 (1987) 133
Clinical cardiologist, cardiology training, cardiac catheterization, angioplasty, electrophysiologic study, 14 (1987) 127
Closed oval formamen, mitral atresia, levoatriocardinal vein, atrial thrombus, 14 (1987) 221
Coarctation syndrome, congenital subaortic aneurysm with aortic/mitral discontinuity, 14 (1987) 95
Coarctation of aorta, pulmonary stenosis, neonate, 14 (1987) 103
Complete heart block, varicella myocarditis, 14 (1987) 362
Congenital subaortic aneurysm with aortic / mitral discontinuity, coarctation syndrome, 14 (1987) 95
Contrast echocardiography, annular submitral aneurysm, cross-sectional echocardiography, 14 (1987) 327
Coronary artery disease, atrial pacing, echocardiography, wall motion abnormalities, coronary score, 14 (1987) 33
Coronary artery disease, endocarditis, aortic root abscess, 14 (1987) 99
Coronary artery ligation, acute myocardial infarction, aortic constriction, action potential abnormality, arrhythmias, 14 (1987) 155
Coronary artery disease, tricuspid insufficiency, DeVega anuloplasty, 14 (1987) 295
Coronary flow, nitroprusside, coronary stenosis, 14 (1987) 15
Coronary stenosis, nitroprusside, coronary flow, 14 (1987) 15
Coronary score, coronary artery disease, atrial pacing, echocardiography, wall motion abnormalities, 14 (1987) 33
Corrected transposition, atrioventricular discordance, mirror-image atrial arrangement, 14 (1987) 169
Cross-sectional echocardiography, annular submitral aneurysm, contrast echocardiography, 14 (1987) 327
Cross-sectional echocardiography, mitral valve prolapse, non-ejection click, phonocardiogram, 14 (1987) 65
DeVega anuloplasty, tricuspid insufficiency, coronary artery disease, 14 (1987) 295
Developing country, prevention of disease, pacemaker, high technology, public health, 14 (1987) 1
Dipyridamole infusion, ST-segment changes, dipyridamole-thallium-201, myocardial imaging, 14 (1987) 384
Dipyridamole–thallium-201, ST-segment changes, dipyridamole infusion, myocardial imaging, 14 (1987) 384
Drug interaction, lidocaine, cimetidine, 14 (1987) 91

Echocardiography, coronary artery disease, atrial pacing, wall motion abnormalities, coronary score, 14 (1987) 33
Echocardiography, ergometry in children, left ventricular function, 14 (1987) 145
Echocardiography, tricuspid valve disease, 14 (1987) 311
Electrical alternation, atrial flutter, 14 (1987) 379
Electrocardiography, arrhythmia, 14 (1987) 110
Electrocardiogram, aortic stenosis, aortic incompetence, 14 (1987) 137
Electrophysiologic study, clinical cardiologist, cardiology training, cardiac catheterization, angioplasty, 14 (1987) 127
Endocarditis, aortic root abscess, coronary artery disease, 14 (1987) 99
Endothelium, serotonergic receptor, vascular smooth muscle, adrenergic nerve, hemostasis, platelet, Raynaud's disease, peripheral vascular disease, 14 (1987) 189
Ergometry in children, left ventricular function, echocardiography, 14 (1987) 145
Exercise testing, nitroglycerin ointment, nitroglycerin patch, tolerance, angina pectoris, transcutaneous nitrate, 14 (1987) 9
Exercise testing, maximal ST/HR slope, 14 (1987) 281

Fibrinolytic treatment, Bjork–Shiley prosthetic valve, thrombus, 14 (1987) 358

Genetic factor, variant angina, human leucocyte antigen, 14 (1987) 47

Heart disease, nomenclature, classification, international co-operation, 14 (1987) 133
Hemiplegia, alcohol, acute left ventricular failure, 14 (1987) 370

Hemorrheology, serotonin, microcirculation, blood cell, 14 (1987) 213
Hemostasis, serotonergic receptor, vascular smooth muscle, endothelium, adrenergic nerve, platelet, Raynaud's disease, peripheral vascular disease, 14 (1987) 189
High technology, prevention of disease, pacemaker, developing country, public health, 14 (1987) 1
Holter monitoring, obesity, very low calorie diet, arrhythmia, adolescent, 14 (1987) 55
5HT-system, 5-hydroxytryptamine, blood platelet, cardiovascular pathology, platelet 5HT-system, blood platelet as model, 14 (1987) 177
Human leucocyte antigen, variant angina, genetic factor, 14 (1987) 47
5-Hydroxytryptamine, blood platelet, 5HT-system, cardiovascular pathology, platelet 5HT-system, blood platelet as model, 177

Immunoglobulin in rheumatic fever, artificial subcutaneous nodule in rheumatic fever, myocardial reactive antibody in rheumatic fever, 14 (1987) 71
Infant, bacterial endocarditis, *Staphylococcus aureus,* 14 (1987) 355
Infective endocarditis, tamponade, valval ring abscess, 14 (1987) 373
International co-operation, nomenclature, classification, heart disease, 14 (1987) 133

Ketanserin, primary pulmonary hypertension, vasodilator, serotonergic antagonist, 14 (1987) 303

Left ventricular function, ergometry in children, echocardiography, 14 (1987) 145
Levoatriocardinal vein, mitral atresia, closed oval formamen, atrial thrombus, 14 (1987) 221
Lidocaine, drug interaction, cimetidine, 14 (1987) 91

Malposition of the heart, supero-inferior ventricle with intact ventricle septum, nomenclature of congenital heart disease, 14 (1987) 232
Maximal ST/HR slope, exercise testing, 14 (1987) 281
Microcirculation, serotonin, hemorrheology, blood cell, 14 (1987) 213
Mirror-image atrial arrangement, corrected transposition, atrioventricular discordance, 14 (1987) 169
Mitral atresia, closed oval formamen, levoatriocardinal vein, atrial thrombus, 14 (1987) 221
Mitral valve prolapse, non-ejection click, cross-sectional echocardiography, phonocardiogram, 14 (1987) 65
Morphological left atrial appendage, morphological left ventricle, morphological right ventricle, morphological right atrium, 14 (1987) 227
Morphological left ventricle, morphological right ventricle, morphological right atrium, morphological left atrial appendage, 14 (1987) 227
Morphological right ventricle, morphological left ventricle, morphological right atrium, morphological left atrial appendage, 14 (1987) 227
Morphological right atrium, morphological left ventricle, morphological right ventricle, morphological left atrial appendage, 14 (1987) 227
Myocardial reactive antibody in rheumatic fever, artificial subcutaneous nodule in rheumatic fever, immunoglobulin in rheumatic fever, 14 (1987) 71
Myocardial scintigraphy, cardiac amyloidosis, radionuclide tomography, 14 (1987) 365
Myocardial imaging, ST-segment changes, dipyridamole infusion, dipyridamole–thallium-201, 14 (1987) 384

Neonate, coarctation of aorta, pulmonary stenosis, 14 (1987) 103
Nifedipine, relaxation phase, verapamil, 14 (1987) 333
Nitroglycerin ointment, nitroglycerin path, tolerance, angina pectoris, exercise testing, transcutaneous nitrate, 14 (1987) 9
Nitroglycerin patch, nitroglycerin ointment, tolerance, angina pectoris, exercise testing, transcutaneous nitrate, 14 (1987) 9
Nitroprusside, coronary stenosis, coronary flow, 14 (1987) 15
Nomenclature, classification, heart disease, international co-operation, 14 (1987) 133
Nomenclature of congenital heart disease, supero-inferior ventricle with intact ventricle septum, malposition of the heart, 14 (1987) 232
Non-ejection click, mitral valve prolapse, cross-sectional echocardiography, phonocardiogram, 14 (1987) 65
Normal children, orificial diameter of pulmonary trunk, orificial diameter of aorta, angiocardiographic data, 319

Obesity, very low calorie diet, arrhythmia, Holter monitoring, adolescent, 14 (1987) 55
Operative risk, risk, 14 (1987) 277
Orificial diameter of pulmonary trunk, orificial diameter of aorta, angiocardiographic data, normal children, 14 (1987) 319
Orificial diameter of aorta, orificial diameter of pulmonary trunk, angiocardiographic data, normal children, 14 (1987) 319

Pacemaker, prevention of disease, high technology, developing country, publich health, 14 (1987) 1
Papillary muscle rupture, cardiogenic shock, 14 (1987) 376
Percutaneous transluminal coronary angioplasty, unstable angina, 14 (1987) 25
Peripheral vascular disease, serotonergic receptor, vascular smooth muscle, endothelium, adrenergic nerve, hemostasis, platelet, Raynaud's disease, 14 (1987) 189
Phonocardiogram, mitral valve prolapse, non-ejection click, cross-sectional echocardiography, 14 (1987) 65
Platelet 5HT-system, 5-hydroxytryptamine, blood platelet, 5HT-system, cardiovascular pathology, blood platelet as model, 14 (1987) 177
Platelet, serotonergic receptor, vascular smooth muscle, endothelium, adrenergic nerve, hemostasis, Raynaud's disease, peripheral vascular disease, 14 (1987) 189
Polymorphous ventricular tachycardia, α-blockade, pro-arrhythmic, 14 (1987) 225
Prevention of disease, pacemaker, high technology, developing country, public health, 14 (1987) 1
Primary pulmonary hypertension, ketanserin, vasodilator, serotonergic antagonist, 14 (1987) 303
Pro-arrhythmic, polymorphous ventricular tachycardia, α-blockade, 14 (1987) 225
Programmed stimulation, ventricular ectopics, sudden death, 14 (1987) 79
Public health, prevention of disease, pacemaker, high technology, developing country, 14 (1987) 1
Pulmonary stenosis, coarctation of aorta, neonate, 14 (1987) 103

Radionuclide tomography, cardiac amyloidosis, myocardial scintigraphy, 14 (1987) 365
regional myocardial function, UL-FS 49, selective bradycardic agent, canine model of angina pectoris, treadmill exercise, 14 (1987) 343
Relapsing polychondritis, cardiac involvement, valvar insufficiency, 14 (1987) 381
Relaxation phase, verapamil, nifedipine, 14 (1987) 333
Raynaud's disease, serotonergic receptor, vascular smooth muscle, endothelium, adrenergic nerve, hemostasis, platelet, peripheral vascular disease, 14 (1987) 189
Risk, operative risk, 14 (1987) 277

Selective bradycardic agent, UL-FS 49, canine model of angina pectoris, regional myocardial function, treadmill exercise, 14 (1987) 343
Serotonergic receptor, vascular smooth muscle, endothelium, adrenergic nerve, hemostasis, platelet, Raynaud's disease, peripheral vascular disease, 14 (1987) 189
Serotonergic antagonist, primary pulmonary hypertension, ketanserin, vasodilator, 14 (1987) 303
Serotonin, atherosclerosis, vasospasm, 205
Serotonin, hemorrheology, microcirculation, blood cell, 14 (1987) 213
Staphylococcus aureus, bacterial endocarditis, infant, 14 (1987) 355
ST-segment changes, dipyridamole infusion, dipyridamole–thallium-201, myocardial imaging, 14 (1986) 384
Sudden death, ventricular ectopics, programmed stimulation, 14 (1986) 79
Supero-inferior ventricle with intact ventricle septum, malposition of the heart, nomenclature of congenital heart disease, 14 (1987) 232

Tamponade, infective endocarditis, valval ring abscess, 14 (1987) 373
Thrombus, Bjork–Shiley prosthetic valve, fibrinolytic treatment, 14 (1987) 358
Tolerance, nitroglycerin ointment, nitroglycerin patch, angina pectoris, exercise testing, transcutaneous nitrate, 14 (1987) 9
Torsade de pointes, atrioventricular block, 14 (1987) 235
Transcutaneous nitrate, nitroglycerin ointment, nitroglycerin patch, tolerance, angina pectoris, exercise testing, 14 (1987) 9
Treadmill exercise, UL-FS 49, selective bradycardic agent, canine model of angina pectoris, regional myocardial function, 14 (1987) 343

Tricuspid insufficiency, coronary artery disease, DeVega anuloplasty, 14 (1987) 295
Tricuspid valve disease, echocardiography, 14 (1987) 311

UL-FS 49, selective bradycardic agent, canine model of angina pectoris, regional myocardial function, treadmill exercise, 14 (1987) 343
Unstable angina, percutaneous transluminal coronary angioplasty, 14 (1987) 25

Valval ring abscess, infective endocarditis, tamponade, 14 (1987) 373
Valvar insufficiency, relapsing polychondritis, cardiac involvement, 14 (1987) 381
Variant angina, genetic factor, human leucocyte antigen, 14 (1987) 47
Varicella myocarditis, complete heart block, 14 (1987) 362
Vascular smooth muscle, serotonergic receptor, endothelium, adrenergic nerve, hemostasis, platelet, Raynaud's disease, peripheral vascular disease, 14 (1987) 189
Vasodilator, primary pulmonary hypertension, ketanserin, serotonergic antagonist, 14 (1987) 303
Vasospasm, serotonin, atherosclerosis, 14 (1987) 205
Ventricular ectopics, programmed stimulation, sudden death, 14 (1987) 79
Verapamil, relaxation phase, nifedipine, 14 (1987) 333
Very low calorie diet, obesity, arrhythmia, Holter monitoring, adolescent, 14 (1987) 55

Wall motion abnormalities, coronary artery disease, atrial pacing, echocardiography, coronary score, 33
